Brief description of filing. (If filing follows rates of an advisory organization, specify organization): \_\_\_\_\_

The purpose of this filing is to amend rules and rates in our Illinois Private Passenger Automobile Program. Currently we write preferred business in American National Property And Casualty Company (ANPAC) and we write non-preferred business American National General Insurance Company (ANG). With these filings we will start using ANG for a different market targeting younger family households. As a result, we are making changes to certain aspects of our program that we feel are no longer marketable to younger family households. We are introducing a new pricing structure to target younger family households with new discounts that we feel are more applicable to that market. In addition, we are adding to ANG the Recreational Vehicle program that we currently have in ANPAC. The enclosed Actuarial Memorandum briefly describes the revisions to be made along with the revenue effect of this filing.
